

Career Exploration 8/9

Welcome to Career Exploration 8/9! This course is intended to give you're the time and space to help you begin to think about your future. We will meet once a week and explore how to grow and thrive in the ways that are best suited for you. Here is some of the stuff we'll do...

1. Your Skills and Interests

- Reflecting
- Explore your options
- Research
- Skills and interests

2. Planning

- Goal setting
- Making choices
- Trying stuff out
- Evaluating choices

3. Community

- Who's in your community?
- How can your community support you?
- Mentors
- How can you help your community?
- What does your community need?

4. Practical Stuff

- Money/budgets
- Resumes/applications
- Requirements/responsibilities for future school and work.

Rate the following Statements from 0 to 10 (0=false, 10=true)

1. I checked off the learning objectives I think I accomplished on the previous page.
2. I did all the weekly assignments Mr. Walzl assigned (list/copies on the website).
3. I was engaged in class, used my time affectively.
4. I worked well with others in the class.

Final Thoughts:

1. What is one thing you would like to explore/learn next year in Career Education?

2. What do you need/want from the school that might improve your ability to explore your future life/career choices?

3. State at least one postive outcome that came from your experience in Careers 8/9 this year.

Having assessed your work in this class with the criteria on the preivous 2 pages. Please provide a fair **Letter Grade** for your performance below:
